

SOCIAL MEDIA MARKETING SERVICES

1/3 of all online activity is spent watching video content.
Can you afford to not have a social media presence?

HOW IT WORKS

Filmworks 109 will work with you to discover the appropriate social media channels for your company. It's not about being on every social media channel, its about owning the ones that work best for you.

Every business and owner is unique and that's how we treat you. We find out about you and then your social media content is prepared specifically with your business and customer in mind.

Filmworks 109 will create your social media content, post it on your sites, and consistently curate fresh video and digital content for your business every month - for one flat fee.
